Job Information - Instructor (Q)

The beautiful and culturally progressive State of Qatar is home to the world class post- secondary institution, College of the North Atlantic–Qatar (CNA-Q). Internationally recognized and acknowledged as a comprehensive technical college, CNA-Q is committed to high quality, student-centered, post-secondary education. This commitment is reflected through state of the art facilities, accessible and responsive technology programs and strong partnerships with industry.

We are seeking dynamic, adventurous people who are excellent teachers, culturally-sensitive and student-oriented and are excited about working in the State of Qatar.

DUTIES: Instructors will be responsible for the development, delivery and evaluation of a broad range of courses within the appropriate programs. S/he will evaluate student progress and manage the resources of the learning environment. The instructor will liaise with industry and other educational institutions; participate in industry advisory committees and coordinate, manage and control projects within the specified program area. Instructors will keep course portfolio documents required for accreditation processes and engage in instructional development/improvement plans. All employees are expected to contribute to professional and community life within the College and beyond.

QUALIFICATIONS: Minimum of a certificate or diploma in the Industrial Instrumentation discipline and Interprovincial Red Seal Journeyman certification. Candidates should have strong analytical skills in the core Instrumentation subject areas surrounding the maintenance and troubleshooting of process measurement instrumentation, valves, process control, and computerized control systems (i.e. PLC, DCS, SCADA). Candidates should have maintenance experience in the area of industrial instrumentation and process control in petroleum refineries, gas processing plants, or petrochemical facilities. Experience with PLC and DCS is also desirable. Teacher training and experience teaching at a post-secondary level are definite assets. Expertise in curriculum development is desirable. Strong communication, presentation, and classroom management skills combined with the ability to establish and maintain effective work relationships are required. Fluency in English is essential.

NOTE: Employment is contingent upon successful completion of the State of Qatar visa process.

If you are a **Canadian** citizen with excellent English language skills and are ready for a professional and personal adventure in the Middle East, we'd like to hear from you. Successful candidates will be required to provide a recent Certificate of Conduct. If called for an interview, you must provide original transcripts prior to the interview.
